STUDENT SATISFACTION SURVEY (2022-2023)

Introduction

A comprehensive Student Feedback Form was designed for the purpose of collecting feedback from the enrolled students of the College. The questions were based on their views on the curriculum they are studying as well as their experiences and satisfaction with overall quality of education being delivered at Kamala Nehru College. The questions were centered around understanding the student's perception of the curriculum being taught and on the level of satisfaction with different assessment patterns, and accessibility of resources provided by the institution.

Structure and Methodology

The questionnaire consisted of 14 objective questions, and 4 basic questions on individual details like name, course, year of graduation and current occupation. The data collection was not kept anonymous since we share a candid and honest relationship with our students, and the students are aware that they can express themselves freely without any inhibitions.

Analysis

- The responses were collected from students across all courses in order to ensure diversity and multiplicity of responses.
- More than 58% of the total responses were received from the Batch of 2022-23, and almost 59% from the Batch of 2021-24 and around 3% from the Batch of 2020-23.
- More than 45% of the respondents found the present curriculum of the course to be Satisfactory and more than 23% found it Adequate. However, about 30% students indicated the curriculum to be challenging.
